

# Create Project Guides

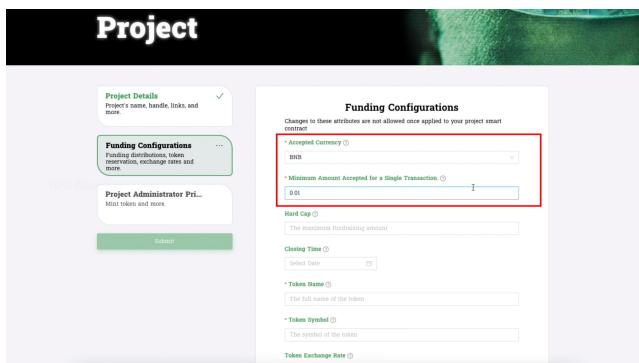

## Step 1

You need to do is to connect your wallet, and then click the “DESIGN” button on homepage.

## Step 2

For project details:  
Start by filling your Project Name and handle. You should polish fill all these fields, because later it will cost your gas.

## Step 3

On funding configuration, the first step is to select which TOKEN and the minimum AMOUNT of single transaction you would like to accept.

# Create Project Guides

This screenshot shows the 'Funding Configurations' step of the project setup. It includes fields for Accepted Currency (BNB), Minimum Amount Accepted for a Single Transaction (0.01), Hard Cap (highlighted with a red border), Closing Time (Select Date), Token Name, Token Symbol, Token Exchange Rate (Project Tokens/BNB), and Funding Distribution (+ Add Address). A green 'Submit' button is at the bottom.

## Step 4

**The hard cap is where to set financial goals to your project, including the community operating cost. Once your target is reached, no more transactions will be accepted.**

This screenshot shows the 'Funding Details' step. It includes fields for Minimum Amount Accepted for a Single Transaction (0.01), Hard Cap (highlighted with a red border), Funding Period (highlighted with a red border), Token Name, Token Symbol, Token Exchange Rate (Project Tokens/BNB), Funding Distribution (+ Add Address), Token Reserved (0, 50%, 100%), and buttons for Previous and Next. A green 'Submit' button is at the bottom.

## Step 5

**The funding duration determines when your project funding ends. Once the closing date has expired, no more transactions will be accepted.**

This screenshot shows the 'Funding Details' step. It includes fields for Minimum Amount Accepted for a Single Transaction (0.01), Hard Cap, Closing Time, Token Name, Token Symbol, Token Exchange Rate (Project Tokens/BNB), Funding Distribution (+ Add Address), Token Reserved (0, 50%, 100%), and buttons for Previous and Next. A green 'Submit' button is at the bottom. The 'Tokens' section is highlighted with a red border.

## Step 6

**In the token section, you should fill out your token name, token symbol and set up your token exchange rate with accepted tokens.**

This screenshot shows the 'Funding Details' step. It includes fields for Minimum Amount Accepted for a Single Transaction (0.01), Hard Cap, Closing Time, Token Name, Token Symbol, Token Exchange Rate (Project Tokens/BNB), Funding Distribution (+ Add Address), Token Reserved (0, 50%, 100%), and buttons for Previous and Next. A green 'Submit' button is at the bottom. The 'Tokens' section is highlighted with a red border.

# Create Project Guides

Project Administrator Pri...  
Most tokens and more  
Submit

Minimum Amount Accepted for a Single Transaction: 0.01

Hard Cap: The maximum fundraising amount

Closing Time: Select Date

Token Name: The full name of the token

Token Symbol: The symbol of the token

Token Exchange Rate: Project token exchange rate / Project Tokens/BNB

Funding Distribution: Token Reserved: 0% (highlighted by a red box)

+ Add Address

## Step 8

As to the token reserve section, here you can set the percentage of tokens that will be reserved and who's can get them and what percentage.

For example,

if 1 BNB generate 100 tokens on your project, and you set to reserve 10% and two of your team members get 50% of those reserved tokens. And then someone invests 1 BNB into project, the investor gets 90 tokens and each of team members get 5.

# Create Project Guides

## Step 9

The next step is to set Project administrator privileges. By checking this button, you will have the right to mint any amount of tokens to any address.

Once you finish all the settings, please review them carefully before you click the submit transaction. All the funding information and privileges setting will not be able to change once its submitted.
